Dear Prayer Supporter,

This month's timely article on '*Courage*,' is most relevant. It seems that, wherever we look in the world, persecution, devastation and despair prevails! How true also for Athanase who wrote from worn-torn Burundi.

What an imperative time the Lord has given us to send forth His Word around the world! Through your much appreciated prayers and gifts, we share a letter from:

A radio listener from Malawi, Africa~

"Thank you very much for the gift of '*Your Quest for God*' - this book is amazing! And chapter six—'Why are people so misguided?'—changed my life! I thank Richard A. Bennett for the gift he has to write such a book so that people should know the truth. I really do appreciate it!"

Together in His Name,

**Please pray for those responding to "Your Quest for God" and "Food for Faith" in the African Burundi language.**

My name is Athanase. "I was given a copy of '*Your Quest for God*,' Burundi. Everyone I also shared this book with, came back to tell me how they had been helped spiritually!

"For myself, because of '*Your Quest for God*,' I gave my life to Christ and am really thankful to God.

"**Later on, my wife also was saved** and we now live in the joy of our salvation. We do not have words enough to thank the people who brought the good news to us." [ED: Athanase has since been given a copy of "Food for Faith"].

Praise God! Both of these books have been a powerful tool for reaching churches and military camps in an African country which has suffered so much.

Through the faith, vision and cooperative fellowship of TWR/Canada, the Burundi program listenership has significantly increased by their translating/printing 4,000 copies of "*Your Quest for God*" and "*Food for Faith*."
