Dear Prayer Supporter,  
What a joy to share "***Victory through Faith***," the final chapter of "Forward in Faith." This key message of this little book is already bringing spiritual blessings to many in multiple languages. It explains how we operate through His faith and not ours! Thank you for your prayers and gifts which make such ministries possible!

We continue to receive regular reports of those being spiritually impacted by CCIM. As a Kikuyu radio listener wrote: "We love your program so much, you teach the Word of God so well and we pray that God will bless you abundantly. May we have a copy of '*Food for Faith*' to help us further?"

Rejoicing in Him,

**Praise the Lord for CCIM ongoing blessings  
through multiple language outreaches!**

"A radio listener visited the offices this past month. He is a very keen listener of the Dorothy's program in **Kikuyu**. He accepted the Lord through the program and has since been listening and recording messages on his mobile phone which he plays later in the day. He has also been using the messages on his phone to evangelize people to receive Christ as their personal Savior." TWR Kenya.

"My uncle gave me '*Food for Faith*' many years ago. Recently, I discovered it again and reread it. Please send me another copy and two copies of '*Your Quest for God*' to replace my uncle's copy and bless him." S. Africa.

"I listen regularly to Dr. Bennett on TWR/DStv from Mbombela, South Africa. Please send me his book, '*Light and Glory*'."

"We are a group of Christians with a vision to preach the gospel in all the villages around **Abidjan, Ivory Coast**. We use Richard Bennett's French books a lot because we find these manuals easier for us to work with, especially after conversion."

"I am not a Christian, I was brought up in a family that believes in culture. I listen to your **Borana** 'DDD's and am very interested in what you are saying about Jesus." Kenya.
