

Dear Prayer Supporter,

We rejoice in His wonderful leadings to broadcast *“Forward in Faith”* in Arabic throughout the Middle East—a map of this potential radio footprint is shown for your prayers. Many isolated and persecuted peoples will be encouraged by our further CCIM outreach which is only made possible through your gifts and prayers. Thank you deeply on their behalf!

Richard has commenced another book for the edification and blessing of believers in particular: *“Biblical Reality.”* May the Lord bless your life as you prayerfully read and share either by hard copy or online, this first chapter **“My Victor and my Shield!”**

In His Love,

Please pray for Arabic Middle East Radio *“Forward in Faith”* Listeners.

EUR9, is the TWR Cyprus 600,000 KW transmitter from which high-powered Medium Wave radio reaches a potential Arabic-speaking listening audience of over 152 MILLION throughout the Middle East!

Because of Christian persecution throughout these regions, *“Forward in Faith”* has now been translated and produced for twice daily programs. Also, it is now available in audio format on CCIM website and twr360.

Your prayers and gifts are urgently needed as together, we trust the Lord for the 60 day broadcast cost of \$11,100 and the precious peoples being reached by these urgently requested CCIM programs.

We praise the Lord for His continual blessing on our Arabic copies of *“Your Quest for God”* and *“Food for Faith”* also used throughout the region through both CCIM and TWR websites.

Please pray for African radio response to *“The Way of Truth”* and *“Dorothy’s Daily Devotionals.”*

From ‘DDD’ Kikuyu Kenya radio listeners:

TWR reports this month that, out of “122 visits, phone and SMS responses, six people came to the Lord and 63 people shared how their faith had been strengthened as they had spiritually grown in Him. Another nine study groups regularly gather and two people have been delivered from destructive lifestyles.”
