

It was over 50 years ago that Richard was asked to broadcast his program *"The Way of Truth"* in the Spanish language. The special emphasis was to reach persecuted believers in Cuba.

Now today, CCIM rejoice to have the privilege of again broadcasting our Spanish *"Dorothy's Daily Devotionals"* from the powerful TWR Bonaire 450KW transmitter. This is the most powerful transmitter in the western hemisphere!

CCIM already have a high response to our Spanish Google Ads of *"Your Quest for God."* Both "YQFG" and *"Food for Faith,"* are used for spiritual follow-up through Internet.

Ralf Stores, TWR Director of Media Development & Services, writes: **"Through this new ministry opportunity, millions of Spanish-speaking peoples are being reached world-wide!"**

### MISSIONARY BLESSINGS!

Vol. 47 No. 9

Please join us in prayer for spiritual blessings through *"Dorothy's Daily Devotionals"* Spanish radio programs being heard through FM radio stations throughout Latin America, the Caribbean and also through Internet worldwide!

Amazingly, the *"DDD"* Spanish broadcast outreach will reach millions of lives through seventeen Latin American countries on seventeen different AM stations.

In addition to which these broadcasts can be heard over Bonaire AM Shine 800 and eighty-one FM radio stations and twenty-seven online radio stations throughout all South America!

The purpose of these broadcasts is to reach and encourage precious listeners so that it will be said of them, *"they that were scattered abroad went every where preaching the Word"* Acts 8:4.

It is said that Spanish is the third or fourth most spoken language in the world!

Together, may we walk by faith in meeting the high costs for CCIM's five times weekly broadcasts. Please pray that your God-directed, spiritual gift will be multiplied to reach multitudes of Spanish-speaking people.

Let us unite in reaching satanically bound Spanish speaking people with the glorious news of our liberating Lord Jesus Christ. Persecuted believers, in such lands as Venezuela and Cuba, need our spiritual involvement.

Shortly, *"Forward in Faith"* will also be available in Spanish on Internet and give further spiritual help to oppressed and persecuted believers. 'He reigns'! Only through our Lord's enabling and supply are such ministries possible.
